

We are going on an excursion to the Shipwreck Museum in Fremantle with our class and another class.

The teacher will tell me which group I am in, so I know which adult to ask for help.

We will wear our polo top. We need to bring a bag with our lunch box, drink bottle and hat.

In the morning, we come to class and do the roll.

Everyone will walk to the bus stop and get on the bus. We will sit next to a partner on the bus.

When we get to the museum we will have recess and then put our bags in a big box to keep them safe.

We will go with our adult to do different activities at the museum. We do not have to participate in the role play.

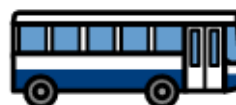

In the museum, we will walk around and collect information to answer questions that our adult has on their clipboard.

We will stay with our group. If we need the toilet or help with anything, we can ask our adult.

We will have time for lunch and eat outside the museum after we collect our bags.

The teachers will tell us when it is time to line up for the bus. We will sit with our partner.

We will come back to school and take our bags to class. Our teacher will tell us what to do until the siren goes.
