

Our School Values

At Piara Waters Primary School, students demonstrate our values of

- Demonstrate respect
- Actively participation
- Engage responsibly
- Take responsibility
- Show generosity

Our Golden Rules

At Piara Waters Primary School, all students are aware of the 19 golden rules that were collaboratively developed with students to ensure a safe and positive learning environment. These are displayed in classrooms and on our school website.

Faction Tokens – positive behaviour reward

During physical education, students have the opportunity to receive faction tokens for active participation and good sportsmanship. Students give the tokens to their teacher and the Faction Captains collect and count the tokens for each faction. The winning faction is rewarded at the end of each term with extra lunch time.

Gold Tokens – positive behaviour reward

Gold tokens are given out to students by school staff for demonstrating the school values and following the golden rules. Once a student has received 10 tokens, the teacher will present the student with a certificate which they take home for parents to see. The parents sign the bottom and the student places this in the Goldie Box (outside the undercover area) for a chance to win a prize each term.

Classroom Reward Systems

Classroom teachers have their own student reward system.

Behaviour Management

A whole school behaviour management process is in place where each classroom has a Behaviour Tracking Book. This is used to record student's behaviour that does not align with our school values and golden rules.

Teachers follow the below steps;

1. A verbal warning and a reminder of appropriate behaviour

If the behaviour continues

2. The students name is recorded in the Behaviour Tracking Book

If the behaviour continues

3. Re-set in class (Students sit alone to reflect on behaviour)

If the behaviour continues

4. Re-set in a different class

If the behaviour continues

5. The student will need to discuss their behaviour with the Principal or a Deputy Principal and complete a reflection sheet. Appropriate consequences will be given and parents/guardian's will be contacted.

The school's Good Standing Policy also requires students to uphold the school values. Three reflection sheets in a school term, will result in the loss of good standing for the term. This means they will be unable to participate in an upcoming event such as sporting events, whole school rewards, lunchtime clubs/activities, incursions, excursions, camp and graduation activities.

Demonstrate Respect	Actively Participate	Engage Collaboratively	Take Responsibility	Show Generosity
Respect the diversity of others	and unbuce cholleges	sthers to scheen a goal • De a good sport	we may not above pet the own way	support others • Are patient
