

Piara Waters Primary School 1:1 iPad App List 2019

Dear parents, if your child is bringing their own iPad to school in 2019 please ensure the applications listed below are downloaded onto their device. This will enable your child to use their iPad effectively for learning experiences at school. To download the apps please go through the Apple App Store. A \$30 iTunes card is on your child's Booklist for 2019 if they are participating in the 1:1 program, this will enable you to purchase all of the apps below. All apps are tried and tested with an emphasis on educational purpose and creativity, before we use them on our school devices. Some apps come already installed on iPads, some are free to download and some are paid apps. The apps below are our core apps for 2019; however, additional apps may be added to this list throughout the year (not exceeding \$30).
